

February 26 – March 1, 2025  
Scottsdale, AZ

## CONFERENCE SCHOLARSHIP GUIDELINES

### Scholarship Eligibility

---

To qualify, you must be a PM&R, Interventional Spine or Sports Medicine physician currently in a Fellowship Program, or third year resident and above. In preparation of upcoming scholarship opportunity changes the applicant will have the option this year to submit an abstract (it can be a case study, case series, or prospective/retrospective data on either basic science or clinical research in orthobiologics or advanced interventional orthopedic techniques), a 1 page review of literature (topic of choice on biological treatment), or application only. **Scholarships will be awarded by priority based on which option is chosen.**

### Scholarship Award

---

Qualified applicant submissions will be reviewed and tiered as follows:

- 1: First priority will be awarded to those applicants choosing to complete an abstract.
- 2: Next priority will be awarded to those applicants choosing to complete the 1-page review (topic of their choice) of literature on biological treatment.
- 3: Remaining scholarships will be awarded to those applicants choosing to complete an application only.

IOF Conference Committee will choose the top six abstracts to present a 10-minute oral/poster display presentation during the conference. These applicants will be announced mid-January.

**\*\*All awards will be announced by February 1, 2025.**

Applicants can fill out the following application with submission of an abstract or 1 page review and e-mail it to [leisha@interventionalorthobiologics.org](mailto:leisha@interventionalorthobiologics.org)

**Abstracts and 1-page reviews must be submitted simultaneously with application.**

# Scholarship Application Max Experience

## 10<sup>th</sup> Annual Conference

February 26 - March 1, 2025 | Talking Stick Resort | Scottsdale, Arizona

All fields below must be completed & legible
